

Fiber Optic Cleaning Alcohol

STS-FCC-SCLA

For years, Fiber Optic Cleaning Alcohol has stood as the gold standard in the realm of fiber optic cleaning. Renowned for its exceptional efficacy in maintaining communication fiber optics, this versatile solution effortlessly eliminates stubborn dirt, addressing a multitude of issues that may plague your fiber optic installation.

Our Fiber Optic Cleaning Alcohol is not just any solution; it's a 99% pure anhydrous formulation. Anhydrous signifies the absence of water in the alcohol, ensuring that it remains uncontaminated.

Discover the ultimate in fiber optic cleaning precision with Savitri Make Fiber Optic Cleaning Alcohol—a solution trusted by professionals for maintaining the integrity and efficiency of fiber optic networks. Your pursuit of uncompromised performance and clarity begins here.

Key Applications

- **Perfect for Fiber Optics:** Our Fiber Optic Cleaning Alcohol is the go-to solution for cleaning bare fiber and fiber optic connector end-faces, ensuring optimal signal transmission.
- **Pre-Splicing Precision:** Use it to clean bare fiber before splicing to guarantee a pristine connection, reducing signal loss and improving network reliability.
- **Versatile Optical Cleaning:** Its versatility extends to delicate optical cleaning tasks, including optical devices, microscopes, inspection equipment, and the maintenance of smaller tools, ensuring precision in your work.
- **Lens and Equipment Care:** Keep lenses, mirrors, diffraction gratings, prisms, and test equipment in top-notch condition with the superior cleaning power of our Fiber Optic Cleaning Alcohol.

Key Features

- **Comprehensive Contaminant Removal:** Our Fiber Optic Cleaning Alcohol excels at thorough removal of dust, dirt, and even stubborn fingerprints, ensuring surfaces are impeccably clean.
- **Unmatched Purity:** Experience unrivaled purity as our formulation leaves no residue, guaranteeing pristine and unaltered surfaces.
- **Impurity Resistance:** Formulated to resist water and other impurities, it safeguards surfaces against contamination, preserving their integrity.
- **Secure Sealing:** Each bottle is hermetically sealed, providing an added layer of protection and peace of mind during storage and transportation.
- **Residue-Free Assurance:** Bid farewell to undesirable residues; our Fiber Optic Cleaning Alcohol leaves surfaces flawlessly clean and clear.

Physical and Chemical Properties

Physical State	Liquid
Appearance	Colorless
Odor	Resembles alcohol
Grade	LR
Vapor Pressure	33 mm Hg @ 20°C
Vapor Density	2.1 (Air=1)
Evaporation Rate	1.7 (n-butyl acetate=1)
Viscosity	2.27 mPas @ 20°C
Boiling Point	82°C @ 760 mmHg
Freezing/Melting Point	-88°C
Solubility	Fully miscible
Specific Gravity/Density	0.7850 (water=1)
Molecular Formula	C3H8O
Molecular Weight	60.09
Packaging Type	Bottle
Bottle Size	500ml

Quality Testing

Our products undergo rigorous quality testing before shipment to ensure their excellence.

Packaging

We meticulously package our products to guarantee they arrive at their destination in pristine condition.

Transport

We prioritize swift transportation, minimizing your waiting time to receive your order promptly.

Delivery

Our delivery service is designed to bring the products you've ordered directly to your doorstep, tailored to your specific preferences.
