

Fiber Optic Cleaning Wipes

STS-FCC-SCPA

Experience the pinnacle of cleanliness with our Lint-Free Fiber Optic Cleaning Wipes, meticulously crafted to meet your most stringent requirements. Crafted from a hydro-entangled blend of 45% cellulose and 55% polyester, these nonwoven dry wipes redefine purity and utility in wiping solutions.

Our wipes boast exceptional absorbency, adeptly trapping contaminants while maintaining impressive strength. Ideal for a wide array of clean areas, they serve as an economical yet effective utility wipe, ready to elevate your cleaning standards. Moreover, their high absorbency makes them equally suited for wet cleaning, as a reliable dry cleaning solution.

Discover the difference with Savitri Make Lint-Free Fiber Optic Cleaning Wipes, where performance, and versatility converge for your cleaning needs.

Key Applications

- **Perfect for Fiber Optics:** These wipes are an essential tool for cleaning bare fiber and fiber optic connector end-faces, ensuring optimal signal transmission.
- **Fiber Preparation:** Use them to prepare fibers before splicing or terminating connectors, guaranteeing a seamless connection and reducing signal loss.
- **Delicate Optical Cleaning:** Ideal for delicate optical cleaning tasks, such as maintaining optical devices, microscopes, inspection equipment, and smaller tools, ensuring precision in your work.
- **Optical Components:** Trust these wipes to clean lenses, mirrors, diffraction gratings, prisms, and test equipment, maintaining the highest standards of clarity.
- **Small Tools and Devices:** Perfect for cleaning small tools and devices, ensuring they remain in peak working condition.
- **Benchtop and General Cleaning:** Whether it's benchtop or general cleaning tasks, these Cleaning Wipes are your reliable partner for achieving pristine and impeccable results.

Key Features

- **Premium Super-Soft Quality:** Our wipes are meticulously crafted for a super-soft touch, ensuring streak-free and lint-free cleaning that won't compromise your surfaces.
- **Single-Use Design:** Designed for single use to prevent cross-contamination and maintain optimal cleanliness standards.
- **Electrostatic-Dissipating:** These wipes are electrostatic-dissipating, effectively eliminating triboelectric charging for thorough cleaning.
- **Smooth and White:** With a smooth, white surface, our wipes leave no room for imperfections, ensuring pristine results every time.
- **No Glues, Bleach, or Cellulose:** Our wipes are free from glues, bleach, or cellulose, guaranteeing that no residues are re-deposited onto end-faces.
- **Exceptional Strength:** Built with a very strong modulus fabric, these wipes resist shredding and tearing, even when used on delicate LC connector end-faces.
- **High Absorbency:** Savitri Make Lint-Free Fiber Optic Cleaning Wipes offers high absorbency, making them ideal for effectively tackling various cleaning tasks.
- **Versatile Cleaning:** Whether it's wet or dry cleaning for fiber optic connectors, our Cleaning Wipes handles the task with precision and efficiency.

Technical Specifications

Material	High-Quality Fiber Optic Cleaning Wipes
Use	Versatile for both Wet and Dry Cleaning of Fiber Optic Connectors
Color	Pristine White
Size	Compact and Convenient at 5x7 centimeters
Quantity per Pack	75 Nos.

Quality Testing

Our products undergo rigorous quality testing before shipment to ensure their excellence.

Packaging

We meticulously package our products to guarantee they arrive at their destination in pristine condition.

Transport

We prioritize swift transportation, minimizing your waiting time to receive your order promptly.

Delivery

Our delivery service is designed to bring the products you've ordered directly to your doorstep, tailored to your specific preferences.
