# We practice what we believe in

Our beliefs in quality, integrity, equality and sustainability are deep rooted and reflect in our corporate culture.

## Mission

To be a customer centric organization and enabler for society through economic and social empowerment.

## Values

Savitri Group infuses Integrity, Diversity, Sustainability and Philanthropy in every aspect of its business. People are our foremost asset which encourages us to treat everyone equally and individually.

## Vision

To serve the industry with value proposition and innovation.

# Unleashing the talent ON WORK, OFF WORK

Our priority is to strategize our people and business in a way to equip them with Technology and Skill.

### Discover & Create Yourself

### Be Intrapreneur

### Think Happy

# Driving Digital Transformation

## T&M/ Technology Solutions

Providing complete T&M (Test and Measurement) and Technology Solutions for Communication / IT / Electrical / Telecom Network.

These solutions help users to ensure the quality and reliability of their communication systems and networks while maintaining and optimizing the performance, as well as identify and troubleshoot issues that may arise. They can help identify and resolve issues, as well as ensure that the network and system is meeting the needs of users.

# Rejuvenating Technology

Single window solution for Calibration, Repair and Services of Test & Measurement Instruments and Machines.

This may include repairing equipment that is not working correctly and calibrating equipment to ensure that it is operating within specified tolerances. We are committed to providing top-quality repair and calibration services to ensure that your telecommunication equipment is always performing at its best.

# Powering Lives & the Future of Connectivity

Providing Rental Services of various Test & Measurement Instrument & other Telecom Solutions.

The purpose of our rental services is to provide convenient and cost-effective technology solutions for customers who need technology/equipment for a short period of time. This can be particularly useful for businesses that need to temporarily increase their work capacity for a special events or projects.

# Transforming Ideas from Blueprints to Real

Providing Turnkey Project Solutions for Technology / Communication / IT / Electrical / Civil Construction. We offer complete project solutions in a convenient and efficient way for organizations to implement and manage new systems.

Our comprehensive approach of project management involves the design, development, implementation, and maintenance of a system for our clients. We assure to be a single solution provider for delivering a fully functional system that is ready to use upon completion.

# Monitoring & Strengthening Network Health

Providing 24×7 Maintenance Services for Telecom and OFC Networks. Overall, maintenance services are an important part of ensuring the reliability and performance of telecom and OFC networks. They help to identify and resolve issues, as well as optimize the performance of the network. Our services include Preventive Maintenance, Corrective Maintenance, Performance Optimization, Network Monitoring, Workforce Deployment etc.

# Driving Revolutionary Innovation for a Sustainable Future

Building OFC Networks, FTTH Network, IBS, CCTV, and Surveillance & Tower Infrastructure.

We ensure to follow certain processes like Planning and Designing, Procurement, Deployment, Testing & Commissioning, Maintenance etc. to give our clients a better experience all the time. By focusing on the needs and preferences of our clients and taking steps to continuously improve their experience, Savitri builds strong and long-lasting relationships with our clients.

# Paving the Way for Innovation

Manufacturer of best quality OFC / Copper / RF / Networking Products. We produce high quality and reliable products. We offer a wide range of products for various applications, including telecommunications, data centers, and enterprise networks.

We provide customized storage solutions as well that meets their specific needs and requirements, rather than having "one-size-fits-all" solution. This can help users to better manage and optimize their storage systems.

**SAVITRI** GROUP

## Test and Measurement

### Fiber Test

- OTDR (Optical Time-Domain Reflectometer)
- Optical Return Loss Meter
- Fiber Inspection and Cleaning
- Remote Fiber Monitoring
- Optical Loss Test Set

- Optical Power Meter
- CD/PMD Tester
- Fiber Identifier
- MPO Tester

- Optical Laser Source
- Optical Spectrum Analyzer
- Visual Fault Locator
- Attenuator

### Network Test & Certification

- Network Performance Monitoring Tool
- Copper, DSL, WiFi & Broadband Test

- Transport/Ethernet
- Protocol Analyzer

- DOCSIS 3.1 Test
- Asset & Data Management

### Wireless Test

- Antenna Alignment & Monitoring
- RF Test

## Timing & Synchronization

### Synchronization Systems

- Timing Accessories
- Modular Synchronization System
- Enterprise Network Time Servers
- Embedded Atomic Clocks
- System Clocks & Frequency References

- Time Scale System
- GPS Instruments
- Carrier Grade NTP & PTP IEEE 1588 Grandmasters
- GNSS Disciplined Oscillators (GNSSDO)

- Management & Monitoring
- 1U Distribution Amplifier

## Marker and Locator

- Electronic Route/Marker Locator

**SAVITRI** GROUP

## Structured Cabling

**Fiber Optic Cable Assemblies**

- Patch Cords   - Pigtails   - Connectors   - Adaptors   - Attenuators

Fiber Optic Jointing Kit   |   Cabinets, Panels & Enclosures   |   Fiber Optic Termination Unit   |   Fiber Optic Splitters   |   Electrical Cable Accessories

**Fiber Optic Accessories & Consumables**

- Splice Protection Sleeves   - Heat Shrink Sleeves   - Mechanical Splice   - Fiber Spool   - HDPE Duct   - Duct Coupler   - Cable Sealing Plug
- End Plug   - Duct Rodder

**Copper Cable Assemblies**

- Patch Cords   - Connectors   - Jack Panel   - Face Plate   - I/O

Fiber Optic Media Converters   |   Fiber Optic Cables   |   Copper Cables   |   Coaxial Cables   |   Electrical Cables   |   Coaxial Cable Assemblies

## Fusion Splicer

- Single Fiber/Ribbon Fiber Fusion Splicer
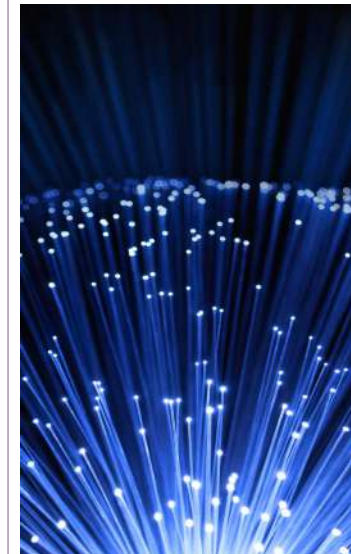

## Customized Storage Solutions

# Solutions

**SAVITRI** GROUP

## 5G

- Wireless Performance Solution
- Lab and Performance Measurement
- Cloud and Virtualization
- Conformance Testing
- Service Assurance & Field Testing

## Cyber Security

- Network Vulnerability
- GNSS Jamming & Spoofing
- Time Security

## Fiber Characterization

- Inspection & Cleaning
- Optical insertion loss
- Optical return Loss
- OTDR Test
- Chromatic Dispersion (CD)
- Polarization Mode Dispersion (PMD)
- Attenuation Profile (AP)

## IP MPLS

- LAB Testing
- Field Service Testing
- Protocol Monitoring and Analysis

## IoT (Internet of Things)

## Enterprise & Data Center

## FTTx/PON

- PON Turn Up and Installation
- Fiber Testing & Certification
- Monitoring

# Services

**SAVITRI** GROUP

## Telecom and Infrastructure

- OFC Turnkey Projects
- CCTV/ Security Surveillance
- DAS (Distributed Antenna System)
- LT/HT
- OPGW

- IBS/ Broadband
- FTTH
- POI
- Video Conferencing
- CATV (Community Antenna Television)

- LAN/ WAN/SWANIP
- MPLS
- DWDM
- Microwave

## Managed Services

- Fiber Managed Services
- Data Center & IT Infrastructure

- Telecom Transmission Infrastructure
- Network Management Services

**Testing and Network Certification**    **Repair & Calibration**    **Rental Services**

**Remote Fiber Monitoring**    **Network Synchronization**    **Civil & Construction**

**Gas Pipeline Laying & Construction**    **Workforce Deployment**
